POLYUREA
SPRAY
TRAINING
CENTER

we do it
for you.

**we do it
for you.**

Knowledge is key, especially using hot-spray systems.
Learning from the professional and acquire practical knowledge to justify quality projects.

Jos de Graauw will be your technical trainer, with 20 years of application experience and a BDA-intron certified liner Inspector, will be person to go, make a training.

Learning all the secrets of good polyurea membranes, pure or hybrid, the basic handling and maintenance of a hot projection machine, and all possible spraying techniques.

Do you know what new materials are used in polyurea application?
Learn or perfect your techniques knowing about most perfect techniques.

**we do it
for you.**

TARGET AUDIENCES

Polyurea Spray Course

At Krypton Chemical we do not just want to offer the latest technology in our products. We also want to offer our clients all the knowledge to make the application a complete success.

For this reason, we created our Technical and Training Centers all around the World. Here we offer practical and theoretical trainings for our Krypton Chemical's products.

POLYUREA SPRAY COURSE

**we do it
for you.**

for you.**

We wait for you!

The advanced applicator training requires a number of assistants maximum. We limit the number of assistants to 10, to give everyone the necessary attention, an minimum of 6 assistants.

All courses take place at the Zeeland training center.

The classroom is interactive, the theoretical parts are made through personal devices, so the learning is very individual, and focused on acquiring the maximum of knowledge in a short period of time.

The duration of the courses is from 8:00 a.m. at 4:30 p.m.

If you wish to register or receive more information, you can call +34 977 822 245

Or send an e-mail to marketing@kryptonchemical.com
