## **IMPERMAX 2K, the most eco-friendly waterproofing membrane of Krypton Chemical, S.L.**

Undoubtedly, Impermax 2K (a two-component, solvent free, hot spray applied polyurethane) is the most eco-friendly waterproofing membrane of Krypton Chemical, S.L.

Contains raw materials from renewable (vegetal) origin, holds a root resistance penetration (for green roofs) and an asbestos encapsulation certificates.

Finally, its ETA certificate (number 10/0296) permits a base support of a polyurethane foam (of different densities) which allows to improve the insulation of the roof and therefore of the building.
